It’s not rubbish, it’s true!

Jigsaw Homes are not responsible for the removal of your rubbish.

It is your personal responsibility.

Your local Council provides the bin collection service in your area, they are also the people you need to get in touch with should you need a replacement bin.

The quickest and easiest way of managing your rubbish is to know the right bin day. You can do this on your Council’s website or app.

Find out your rubbish collection day - GOV.UK

Your Council may even have a dedicated bins app. Through an app, you can be sent reminders on which bin goes out on which day, report fly tipping and information on how to dispose of bulky items.

Creating homes. Building lives.
